Letter From the President:

Oh my goodness, just like that and it's already August!!! Time certainly seems to just fly by! School will be starting soon, so please be careful in the school zones and around the busses.

The Silver Center has been extremely busy this past month! So many birthday parties, graduation parties, not to mention our Rock the Runway style show fundraiser and a large mahjong tournament! And throw in the daily, weekly and monthly groups along with two Friday night dances, it has certainly kept our staff and board of directors busy! Please let Glenda and our crew know how much you appreciate them! We have a fantastic group that certainly works well together! And we are blessed to have a safe environment for all types of activities.

Please check in this newsletter for the dances and events coming up! We especially need a great turnout for the dances so we can continue to hold them twice a month! Hope to see you there!!

Thanks for your support everyone!!

Rosie Van Booven

HELLO FROM THE FRONT DESK....

July was an awesome month for us but a very BUSY month also, so this month is all about THANKS!

I need to send a huge thank you out to the **Mahjongg Mavens** who held their Tournament here on July 11th. It was a great day full of laughter and WINNERS! LuAnn served a delicious Soup, Salad & Baked Potato Bar and our staff helped keep the fun rolling all day... **All the proceeds from the event were donated to The Silver Center! WHAT A BLESSING! Thank you!**

July 17th was another wild and crazy day for our staff & Board members... as we held **ROCK THE RUNWAY**. It was fun and it was hectic but it was also another FUNDRAISER for us (to help us meet payroll & utilities when we have 'lean' months). The turnout was great and the food, beverages, and fun were going late into the evening. **Thank you to all that made it happen:**

Smile Awhile by Velma Buie

A pharmacist says to an older patron: "Take one of these pills every 4 hours, or as often as you can get the cap off"!!

REMEMBER, old folks are worth a fortune: with silver hair, gold in their teeth, stones in their kidneys, lead in their feet and gas in their stomachs.

As soon as I wake up, Will Power helps me get out of bed. Then I go see John. Then Charlie Horse comes along, and when he is here, he takes a lot of my time and attention. When he leaves Arthur Ritis shows up and stays the rest of the day. He doesn't like to stay in one place very long, so he takes me from joint to joint. After such a busy day, I'm really tired and glad to go to bed with Ben Gay. What a life!!

A 95-year-old man went to see his doctor for a checkup. He told the doctor he was getting married in a week or so. Doc replied, "Mr. Jones, that could be fatal!" Mr Jones replied, "Oh well, if she dies, she dies."

The Fairy Godmother appeared and told Cinderella, "I see you have had a hard life, and so little to show for it. Your Prince has not provided much for you. All you have is your rocking chair, a little rug on the floor and your black cat, named Tom. So I am going to give you three wishes and make you happy again. What would be your first wish? Cinderella said. "Oh that would be very nice"---first of all---I would like to be rich so I could buy anything I want." POOF---there appeared a beautiful carriage filled with gold. What would your second wish be? "I would like to be young and beautiful and have a beautiful body again." POOF---and there she stood young and beautiful. "Now what is your third wish?" asked the Fair Godmother? "I would like to meet a handsome young prince that would make me happy!" POOF---and there stood Tom, the cat, who the Fairy Godmother had turned into the handsome Prince. They stood there holding hands and looking romantically into each other's beautiful blue eyes, when the Prince said "Now, aren't you sorry that you had me neutered?"

Funny Clip from Facebook

After every flight, UPS pilots fill out a form, called a "gripe sheet" which tells mechanics about problems with the aircraft. The mechanics correct the problems; document their repairs on the form, and the pilots review the "gripe sheets" before the next flight.

Never let it be said that ground crews lack a sense of humor.

Here are actual maintenance complaints submitted by UPS pilots... and solutions recorded by maintenance engineers:

Pilot: Left inside main tire almost needs replacement.

Solution: Almost replaced left inside main tire.

Pilot: Test flight OK, except auto-land very rough.

Solution: Auto-land not installed on this aircraft.

Pilot: Something loose in cockpit

Solution: Something tightened in cockpit

Pilot: Dead bugs on windshield.

Solution: Live bugs on back-order.

Pilot: Autopilot in altitude-hold mode produces a 200 feet per minute descent

Solution: Cannot reproduce problem on ground.

Pilot: Evidence of leak on right main landing gear.

Solution: Evidence removed.

Pilot: DME volume unbelievably loud.

Solution: DME volume set to more believable level.

Pilot: Friction locks cause throttle levers to stick.

Solution: That's what friction locks are for.

Pilot: IFF inoperative in OFF mode.

Solution: IFF always inoperative in OFF mode.

Pilot: Suspected crack in windshield.

Solution: Suspect you're right.

Pilot: Number 3 engine missing.

Solution: Engine found on right wing after brief search.

Pilot: Aircraft handles funny.

Solution: Aircraft warned to straighten up, fly right, and be serious.

Pilot: Target radar hums.

Solution: Reprogrammed target radar with lyrics.

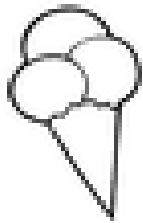

Pilot: Mouse in cockpit.

Solution: Cat installed.

Pilot: Noise coming from under instrument panel. Sounds like a midget pounding on something with a hammer.

Solution: Took hammer away from midget.
